HONOR BELONGS TO AMERICA

Whether Peary or Cook was First at
the Pole is a Matter of Secondary
Importance

New York, Sept. 8.—The announce-
ment of Commander Peary that he has
discovered the North Pole rivets the
attention of the entire civilized world.
Whatever question of priority may
exist between claims of Commander
Peary and Dr. Cook, there can be no
doubt that to the United States be-
longs unquestionable credit and last-
ing renown of discovering the North
Pole. The remarkable fact of two
American announcements of such
colossal achievements coming within
five days after centuries of fruitless
endeavor, constitutes one of the most
remarkable coincidences of history.
The question of priority in reaching
the pole now absorbs attention in this
country and Europe. That Peary will
claim to be the first discoverer ap-
pears to be definitely assured. Aside
from the question of priority, Com-
mander Peary's announcement of hav-
ing reached the pole appears to be
accepted throughout the United
States and the world at large by
scientists as well as the general pub-
lic. There is an absence of the doubt
and skepticism which greeted Cook's
announcement. There is, however,
apparent reserve of judgment on the
question of priority between the two
explorers. Dr. Cook, in an interview
at Copenhagen, says he is the "first
to shout hurrah for Peary." Dr. Cook
also states that he does not want any
controversy.

NEAR DEATH IN BIG POND

It was a thrilling experience to Mrs.
Ida Soper to face death. "For years a
severe lung trouble gave me intense
suffering," she writes, "and several
times nearly caused my death. All
remedies failed and doctors said I was
incurable. Then Dr. King's New Dis-
covery brought quick relief and a cure
so permanent that I have not been
troubled in twelve years." Mrs. Soper
lives in Big Pond, Pa. It works
wonders in coughs and colds, sore
lungs, hemorrhages, la grippe, asth-
ma, croup, whooping cough and all
bronchial affections. 50c and \$1. Trial
bottle free. Guaranteed by all drug-
gists.

SOUTH POLE IN AN AIRSHIP

Henry Savage Landon, the Noted Ex-
plorer, Will Go Wellman One
Better

London, Sept. 8.—Henry Savage
Landon proposes to try to reach the
South Pole by an airship. His expe-
dition is to be an Anglo-American
affair supported by wealthy Americans
and Englishmen and distinguished
scientific bodies with which Mr. Lan-
dor is connected.

"I am now at work on the plans
for my airship. I have had a model
constructed with which I will be mak-
ing trials inside of a week or two. My
airship will be of the rigid type, some-
what on Zeppelin lines, but smaller.
There will be several compartments
to the balloon for safety's sake, and
the whole will be capped by a very
pointed aluminum nose to protect it
from wind pressure," said Mr. Landon.
"My plan is to establish a general
base wherever I land my ship—prob-
ably near the excellent base selected
by Lieutenant Shackleton. I will com-
mence my operations from here and
purpose to do all the traveling possi-
ble by means of my airship. I will
first of all establish a sub-base on the
route to the pole about fifty miles
from my base, and leave there a good
store of provisions and supplies. Forty
or fifty miles further on I will estab-
lish another. And so I will go on un-
til my expedition is within striking
distance of the pole. I anticipate that
the whole expedition will not take
over seven months."

THE LURID GLOW OF DOOM

was seen in the red face, hands and
body of the little son of H. M. Adams,
of Henrietta, Pa. His awful plight
from eczema had, for five years, de-
fied all remedies and baffled the best
doctors, who said the poisoned blood
had affected his lungs and nothing
could save him. "But," writes his
mother, "seven bottles of Electric Bit-
ters completely cured him." For eruptions,
eczema, salt rheum, sores and
all blood disorders and rheumatism
Electric Bitters is supreme. Only 50c.
Guaranteed by all druggists.

STOCK MARKET WAS SHAKEN
Adverse Reports About Harriman's
Health Caused Financial Tremors
in New York and London

New York, Sept. 8.—As a result of
the adverse report about E. H. Harrim-
an's health, the wildest excitement
was evident yesterday in the stock
exchange. Some stocks fell 5 1/2 points
at the opening and the Harriman is-
sued led in the decline. Union Pa-
cific sold at 19 1/4 in London on hear-
ing that Harriman was dead and cre-
ated a violent slump in American
stocks before the rumor was authori-
tatively denied.

imitators who would have you believe
that the imitation pills are as good as

Backache, Weak Back, inflammation of
the bladder, urinary disorders and all
kidney complaints. Any one can take

directed in perfect confidence of good
results. Sold by all druggists.

SHEKELS FOR LUMBER SHIPPERS

The Interstate Commerce Commission
Orders the Railroads to Disgorge
Money Received in Excess
of Rates

Washington, Sept. 7.—An order in-
volving approximately \$1,000,000 and
which is issued against the railroads
operating in several of the southern
states, was issued yesterday by the
Interstate Commerce Commission.

The money must be paid by the
railroads to members of the Central
Yellow Pine Association, which is
made up of mill men who have
lumbered large amounts of yellow pine
lumber over various railroads of the
South, and on which is claimed ex-
cess freight charges were levied.

The order includes principally the
cases affecting Louisiana, Mississippi
and Western Alabama.

The charges made by the railroads
amounted to two cents per hundred
pounds in excess of the amount which
the commission had laid down as an
equitable rate, and the case had been
in the courts and before the com-
mission for more than a year.

ICE! ICE!

Buy Ice From Red Wagons

They say, but if you will examine
carefully the ice which melts so rap-
idly you will note that there seems to
be holes in it, that the center is what
is called "snow ice," which, being por-
ous, allows it to melt quickly.

"Crystal Ice"

The kind we turn out is as clear
and perfect as it is possible to make
ice, and is the most economical ice
to use. Ask the man on the Red
Wagon to stop and see you.

TAFT'S LIFE IS THREATENED

Chicago Police are Making Elaborate
Preparations to Guard the Presi-
dent from Anarchists

Chicago, Sept. 8.—Two letters have
been received by Chief of Police Por-
ter, threatening the life of President
Taft. They have stirred up the se-
cret service and the police officials of
the city with the result that efforts
will be made to make the chief ex-
ecutive of the nation the most guard-
ed president that ever came to Chi-
cago.

Captain Porter was inclined to be-
lieve the threats, although he began
making preparations to prevent any
possibility of an attack on President
Taft.
